

## WCOC Chair's Report 2022

Reading through the Annual Reports for this year is a reminder of the vast contribution of volunteer hours that go into making this the active club that it is. My thanks to everyone who submitted a report. But where to stop with the gratitude? The detail of each report gives some insight into the number of people who are involved in a variety of different ways in contributing to the sport. This is of huge benefit to the membership of the club and those who enjoy our events. So my thanks go to all those club members who have given up their time to help out in whatever way, and also to those members who have supported events by turning up and running.

Whilst the year ahead may present new challenges, there will also be opportunities that the club can continue to seek out and develop – some of these opportunities are alluded to in this year's reports. Local orienteering continues to have so much to offer and there will be those active in the continued development of all areas of club activity. I am confident that a large number of people will continue to be generous with their time and help sustain and develop club activity into 2023.
