

# Club Jackets

For some time now, the committee have been debating (at length) the possibility of obtaining club jackets emblazoned with the club badge and 'West Cumberland' across the shoulders. There have been numerous suggestions and samples sought, but the current thinking is to go for high quality Trimtex jackets similar to those that you may have seen other clubs sporting at many events.

The jacket will be in club colours (red and navy with white piping) with white lettering. It is windproof and water repellent and has excellent breathability properties. A combination of elastic panels and breathable fabrics result in high flexibility and ventilation.

The club will be subsidising the jackets, resulting in a net cost to members of £49.99 for adults and £34.99 for juniors.

To place orders, please contact Roger Jackson either at any event or by email. A £10 deposit will be required to secure your order.

If you have any views or comments on the club jacket, see the forum on the website!
