## Bad Weather

It looks like the recent flooding will have an effect on upcoming events. I have heard that the LOC Ambleside Urban event has been postponed to February because of the flooding. Once again infrastructure has been clobbered and access on various roads is restricted etc.

It will be a good idea to check all websites for any news of cancellation for any events in the days before. Happy times!

## Thanks.

Many thanks to Anne Burbidge for planning the event scheduled for Sunday (yesterday!) at Woodhall Park. In the end it was decided to cancel it and the training session that would run first. Thanks to all the coaches for the work they did to plan those courses. Hopefully both sessions may get a future date for a rerun. Sunday turned out dry and warm... but the flooding had changed everyone's perspective!!

## Caer Mote 3.12.2015

(Selection from the results.) Many thanks to Mike Billinghurst (planner) for persevering with the event and getting all the controls out. The weather conditions on the night were atrocious and 'hats off' to those who stuck at it and completed their course. Perhaps foolhardy!??
