#### JK weekend.....

Wonderful weather for the JK Festival, warm sunshine and great forests. Competition was tough and there were many good performances by various club members. However, the results service didn't work and EMIT electronic punching had severe problems performing properly. All results are currently being redone and preliminary results will be published later. These will require checking before they go final. Pity folk (winners) missed out on the podium at the weekend!

#### Summer Series starts soon

Our Summer Series of eighteen events starts soon, with the first venue at Lodore, just above Surprise View in Borrowdale. As with quite a few of our venues the parking can be quite restricted. If you can share transport that would help to relieve the pressure on space. AND, if you have a 4X4 you could park on rougher ground.

There may also still be a venue where a planner is needed. Michael Billinghamurst would like to hear from you if you can manage to run one of the events and haven't been allocated one yet. They are great fun to do, and will give you a chance to make a contribution to the club's annual efforts. Many thanks if you can.

#### Next Galoppen.....

Muncaster Fell is the venue for this, the third event of the 2019 series. The event is at the end of April with the terrain in perfect condition for great competition. As usual quite a few volunteers will be needed to run the event. Please offer your services if asked.

#### World Schools Champs.....

Isabel Sunley and Rosie Spencer are off to Otepaa, Estonia, for the 2019 World Schools Champs as part of the girls junior and senior select teams. The competition is from April 29 to May 5. We wish them well, hope they enjoy the terrain and the races and perform to their best.
